Supporting Sports Council/ClubSport /Sporting Organisation: ClubSport Ettrick & Lauderdale

Full name and position of supporter: Rick Kenney - Vice Chair

Signature of supporter: R Kenney Date: 8 September 2020

My knowledge of the Board, it's role and the sector is a strong supporting reason for my election. In particular, I have been involved in the delivery of 2 (nearly 3) Conferences due to my event delivery experience. This has enabled me to meet key contacts in the ClubSport sector and form good relationships. As a personable person, who thrives on shared connection and making a difference, I would relish the opportunity to remain in this organisation in a role where I could develop these relationships and continue to use my skills and make an impact for the benefit of the community.

It was also been fascinating supporting Gail and the Board through our transition from SALSC to Scottish ClubSport. As this journey continues, my knowledge of the background of the organisation and its ultimate goals, will be valuable to all involved. My social media skills have also proved advantageous in the transition of the organisation. I have grown the reach of Scottish ClubSport's twitter account, in particular, through frequent posts and participation in sportscotland's monthly #SportHour discussion. This has helped to keep Scottish ClubSport on the 'map' in the Scottish sporting landscape and I would like to maintain this progression in my role as an Ordinary Director.

Despite not quite making the cut-off to be considered a 'young person' by sportscotland anymore, I would like to think I am in tune with the needs of young people. My experience of various youth panels and ongoing full-time work within the student sector should be useful as Scottish ClubSport aims to broaden its reach too.

Thank you very much for your consideration.
